

AVYOL COATINGS & BLENDS

Avyol Coatings & Blends are engineered to deliver consistent performance in a wide range of industrial applications. Designed for paints, plastics, and surface coatings, these products provide the right balance of viscosity, stability, and compatibility. They are formulated to meet demanding process requirements while ensuring smooth application, reliable finish, and long-term performance.

Product Range

- **Mineral Oil Blends** – Used in coatings and plastic formulations for controlled viscosity and stability.
- **Plasticizers** – Improve flexibility, durability, and workability of polymer systems.
- **Solvent Blends** – Designed for uniform drying, effective dispersion, and improved compatibility in multiple coating systems.

Typical Specifications

Product	Appearance	Viscosity @ 40°C (cSt)	Density @ 15°C	Flash Point (°C, COC)	Applications
Mineral Oil Blends	Clear / Pale	8 – 32	850 – 890	150 – 180	Paints, coatings, plastic blends
Plasticizers	Clear liquid	20 – 80	950 – 1050	180 – 210	PVC, polymers, adhesives
Solvent Blends	Water-white	0.6 – 2.0	770 – 820	25 – 40	Paint thinners, coatings

AVYOL CLEANING & SURFACTANTS

Avyol Cleaning & Surfactant solutions are developed to meet diverse industrial cleaning, emulsifying, and blending requirements. These products ensure effective performance across a variety of applications, from surface preparation to industrial process cleaning. They are formulated for consistency, compatibility, and ease of handling, supporting efficient operations in demanding environments.

Product Range

- **Cleaning Chemicals** – Tailored for effective removal of oils, grease, and industrial residues.
- **Surfactant Blends** – Provide excellent wetting, dispersing, and emulsifying properties in multiple formulations.

Typical Specifications

Product	Appearance	pH (1% Solution)	Density @ 25°C (kg/m ³)	Active Content (%)	Applications
Cleaning Chemicals	Clear / Pale	7 – 9	1000 – 1100	5 – 20	Industrial cleaning, surface prep
Surfactant Blends	Clear liquid	6 – 8	950 – 1050	15 – 40	Emulsifiers, wetting agents, dispersants
