SJ 20W-40 MA2

AVYOL 4T UNO 10W-30

API SL JASO MA2

FEATURES & BENEFITS

- Premium four-stroke motorcycle engine oil formulated to meet API SL and JASO MA2 performance standards.
- Delivers enhanced protection against wear, sludge, corrosion, and harmful high-temperature deposits.
- Advanced friction control technology reduces internal drag and supports improved fuel efficiency and performance.
- Promotes cleaner engine operation and longer oil life even under high thermal stress or demanding rides.
- Ensures smooth wet clutch engagement, faster throttle response, and responsive gear shifting in stop-and-go traffic.
- Compatible with catalytic converters due to optimized phosphorus levels, helping reduce emissions and engine deposits.
- Maintains consistent viscosity and film strength for reliable protection in both city traffic and extended highway riding.

APPLICATIONS

Recommended for modern four-stroke motorcycles operating in city and highway conditions requiring 10W-30 engine oil. Provides all-weather adaptability and is well-suited for Indian roads.
