

# MISCELLANEOUS

Miscellaneous Products serve specialized applications that do not fall under conventional categories yet are vital across industries. From natural oils to cleaning aids, solvents, and removers, these products deliver functional reliability, ease of use, and consistent performance. They are designed to complement core product lines while addressing niche industrial and consumer requirements.

## Product Range

- **Citronella Oil** – Natural insect-repellent oil with aromatic properties.
- **Windshield Wash** – Ready-to-use cleaning solution for automotive glass.
- **Chlorinated Solvents** – High solvency performance for degreasing and cleaning.
- **Liquid Paint & Varnish Remover** – Effective stripping solution for coatings.

## Typical Specifications

Product	Appearance	Flash Point (°C)	Density @ 25°C (kg/m³)	Key Properties	Applications
Citronella Oil	Pale yellow	>65	880 – 920	Natural, aromatic, repellent	Fragrances, insect repellent
Windshield Wash	Clear liquid	>23	950 – 1000	Fast drying, streak-free finish	Automotive cleaning
Chlorinated Solvents	Clear liquid	Non-flammable	1200 – 1600	High solvency, fast evaporation	Metal degreasing, cleaning
Liquid Paint & Varnish Remover	Clear / Cloudy	>21	900 – 1100	Effective stripping, easy to use	Paint and varnish removal
