

AVYOL THINNERS

(Multi-Purpose Paint & Coating Solvents)

Avyol Thinners are carefully blended solvent mixtures designed to provide the right evaporation rate, solvency, and compatibility for a wide range of paints, coatings, and primers. From NC-based to epoxy, acrylic, and polyurethane systems, Avyol Thinners ensure smooth application, improved flow, and consistent finishes. They are formulated with controlled compositions for safe handling, reliable performance, and reduced surface defects.

Performance Highlights

- Tailored blends for NC, synthetic, epoxy, acrylic, PU, and enamel systems.
- Controlled evaporation for smooth brushing, spraying, and dipping.
- Improves film formation, flow, and leveling of coatings.
- Reduces surface defects such as blushing, orange peel, and pinholes.
- Available in a complete range from fast- to slow-drying grades.

Product Range

- **NC Thinner**
- **Synthetic Thinner**
- **Polish Thinner**
- **Epoxy Thinner**
- **FD Thinner**
- **Acrylic Thinner**
- **Auto Primer Thinner**
- **D-Thinner**
- **Cleaning Thinner**
- **Etch Primer Thinner**
- **Flexo Thinner**
- **Anti-Chill Thinner**
- **GP Thinner**
- **Screen Thinner**

Typical Properties (Representative Comparison)

Product	Application Area	Evaporation Rate	Compatibility	Notes
NC Thinner	Nitrocellulose lacquers, wood paints	Fast	Excellent with NC	Quick drying, high solvency
Synthetic Thinner	Enamel & synthetic paints	Medium	Alkyd, enamel	Smooth film, cost-effective
Polish Thinner	Wood polish & furniture finishes	Medium-Fast	Nitro & polish resins	Clear glossy finish
Epoxy Thinner	Epoxy primers & paints	Medium	Epoxy systems	Improves flow & leveling
FD Thinner	Fast-dry applications	Fast	Multi-purpose	For rapid turnaround
Acrylic Thinner	Acrylic paints & coatings	Medium	Acrylic resins	High clarity, leveling
Auto Primer Thinner	Automotive primers	Medium-Slow	Primer resins	Ensures smooth primer coat
D-Thinner	Multi-use cleaning & dilution	Medium	General purpose	Cost-effective grade
Cleaning Thinner	Tools, spray guns, equipment	Fast	General purpose	Degreasing & cleaning
Etch Primer Thinner	Etch primers	Medium	Etch primer systems	Stable adhesion on metals
Flexo Thinner	Flexographic printing inks	Fast	Printing resins	Quick solvent release
Anti-Chill Thinner	Humid/cold weather coatings	Slow	NC & enamel	Prevents blushing
GP Thinner	General-purpose paints	Medium	Broad compatibility	Everyday dilution solvent
Screen Thinner	Screen printing inks	Medium-Fast	Printing resins	Clear prints, fast release
