

# 4TSUPER

## SJ 20W-40 MA2

BRAKE FLUID

# AVYOL HDBF DOT3 BRAKE FLUID

API SN, JASO MA2

## FEATURES & BENEFITS

- High-performance glycol-based brake fluid formulated to meet and exceed DOT3 specifications.
- Provides consistent and responsive braking in both high-temperature hill driving and cold-weather climates.
- Excellent corrosion resistance protects all metal components including master cylinders, calipers, and ABS valves.
- Maintains stability under pressure and prevents vapor lock, ensuring reliable brake pedal feel during intense use.
- Resists oxidation, prevents fluid degradation, and maintains viscosity for prolonged system protection.
- Compatible with rubber seals and components used in standard DOT3 systems, preventing swelling and leaks.
- Reduces maintenance frequency by protecting critical components and extending fluid life.

## APPLICATIONS

Recommended for use in hydraulic brake and clutch systems of motorcycles, cars, SUVs, buses, and light commercial vehicles. Performs reliably in urban stop-and-go traffic, mountainous terrain, and high-speed highway conditions where DOT3 is required.

## CREDENTIALS

Meets SAE J1703, FMVSS No. 116 DOT3, and ISO 4925 Class 3 standards. Suitable for vehicles requiring high-quality brake fluid performance.

## SUITABLE FOR USE\*:

- |          |                                         |
|----------|-----------------------------------------|
| • Hero   | • Royal Enfield                         |
| • Honda  | • Mahindra Two Wheelers                 |
| • TVS    | • LML                                   |
| • Bajaj  | • Jawa                                  |
| • Yamaha | • Vespa (geared models)                 |
| • Suzuki | • Aprilia (entry-level geared scooters) |
